About Chemservice

Chemservice is an international consultancy specialising in regulatory and scientific services in the chemical industry. We support our clients in implementing complex regulatory requirements, combining scientific expertise with a deep understanding of international markets. More than 150 employees at locations in Europe, Asia and North America work for global chemical groups as well as for technology-driven mid-sized companies.

Your role

As our Regulatory Affairs Advisor you will support our internationals customers. That includes review, implementation and observation of national and international chemical regulations. You will work in a dedicated team in one of our three service units.

Your responsibilities

- You provide regulatory advice to our global clients on compliance with REACH and various REACH-like regulations
- You develop a strong understanding of complex supply chains and advise our clients on meeting regulatory requirements and identifying the best possible solutions
- You monitor regulatory developments beyond REACH and actively support our clients in implementing the corresponding compliance requirements
- You communicate with our international customers and the authorities
- You challenge existing processes and develop conceptual changes and improvements in the team

Your profile

- You have an academic degree in natural/ environmental sciences
- You have a basic understanding of REACH and REACH-like regulations
- You are skilled in interdisciplinary and solution-oriented thinking
- You are a team player and work in a self-dependent, reliable and structured way
- You are interested in new and ever-changing challenges
- You are willing to familiarize yourself with national and international legal requirements
- You have several years of professional experience in the chemical industry or in the field of regulatory affairs
- Excellent communication and presentation skills in English are essential. Knowledge of German would be an asset

What we offer

- Position in a dedicated team in an established, profitably growing company
- Autonomy with plenty of creative freedom and personal growth opportunity
- Interesting and varied tasks in an international business environment

- Structured and personalized onboarding
- Digital workflows and modern tools
- Open communication and flat hierarchies
- Full-time, permanent contract with flexible working hours, mobile working and a competitive salary
- Regular team events and company celebrations
- 30 days of annual leave
- Attractive discounts through Corporate Benefits®
