

To support our international customers, we seek to expand our regulatory affairs team in Mertert (Luxembourg) or alternatively in one of our other EU based offices (Worms, Germany or Castellón, Spain) with a motivated

Regulatory Affairs Advisor

We at CHEMSERVICE support our clients in the review, implementation and observation of national and international chemical regulations. Due to our flat hierarchies, our efficient work processes and the ability to react quickly and flexibly to requests, Chemservice has developed into one of the leading global consultancies to the chemical industry and its value chain over the past 14 years. We are committed to the professional and personal development of all our 70 employees located in Europe, South Korea and the United States. We are constantly developing ourselves in order to continue providing our clients with the best possible advice and giving them a competitive edge.

You...

- communicate with international customers, laboratories, authorities;
- evaluate exposure for chemical safety assessments (human health and/or environment);
- support dossier preparation for industrial chemicals (REACH registrations) and/or biocidal active substances and products;
- manage your projects self-dependently.

Your profile:

- Ideally, you have an academic degree in natural/environmental sciences or engineering, or a comparable educational profile or relevant professional experience in the chemical industry.
- You have very good communication and presentation skills in English and German.
- You enjoy complex tasks and you are ready for a new challenging field of activities.
- You are skilled in interdisciplinary and solution-oriented thinking.
- You are a team player and work in a self-dependent, reliable and structured way.

We offer you...

- a full-time, permanent job in a dynamic team;
- sound training in your area of responsibility;
- the opportunity to actively shape your projects;
- flexible working time;
- a casual and pleasant working environment;
- a fair, performance-based compensation.
